EMPLOYMENT

HTML-Developer

Nov 2021 – Jun 2024

Sugesta LLC, remote, full-time

Responsibilities:

1. Developed and maintained HTML/CSS code for WordPress publications.
2. Customized WordPress themes from scratch, adding new components and styles.
3. Built JavaScript tools to automate repetitive HTML/CSS writing tasks.

Teacher of web-programming

Sep 2021 – May 2023

Creator IT Academy, Stryi, part-time

Responsibilities:

1. Taught HTML, CSS, and JavaScript to students of various skill levels.
2. Created practical tasks, checked assignments, and supported students during the learning process.

Mentor of web-programming

Sep 2023 – Sep 2024

Genius Academy, remote, part-time

Responsibilities:

1. Designed curricula with assignments, evaluation systems, and guidelines.
2. Supported and guided web programming teachers across different groups.

HTML-Developer

Sep 2024 – Present

TraffGeek, remote, part-time

Responsibilities:

1. Creating and updating responsive landing pages for various marketing campaigns, with focus on moderation requirements.
2. Writing and editing clean, well-structured HTML/CSS code optimized for fast loading and high performance.
3. Ensuring full responsiveness and cross-browser compatibility.
4. Adding simple interactive elements using JavaScript and jQuery (e.g., countdown timers, sliders, form validation).

5. Uploading landing pages to servers.
6. Testing and debugging layouts using tools such as Chrome DevTools.
